- Suitable client premises
- Suitable local venue

## Overview

'Working Safely' is for people at any level needing a grounding in the essentials of health & safety. Everyone at work should have an understanding of why they must 'work safely'.

- Assessments built into the day's training
- Nationally recognised and respected certified training for teams
- 'Working Safely' meets government's guidelines for introductory health & safety training
- The course is a 100 per cent match to the Health & Safety Executive's 'passport' syllabus
- A one-day course offering all the health & safety basics in highly interactive packages
- Jargon-free technical content based on what people need to know in practice, not off-putting legal language
- Clear scenarios drawn from genuine work situations to drive home practical points
