

PMSS Health & Safety Policy

PMSS is a consultancy with vision and integrity that strives for excellence in all of its business endeavours, a world leader in providing project support in the renewable energy sector.

Occupational health, safety and welfare is integral to this vision and our performance. Our overall objective is to provide a safe and healthy working environment for our employees, visitors and any third party affected by our activities.

We will achieve this by:

- the implementation and review of an effective health and safety management system;
- continual and effective improvement of occupational health, safety and welfare standards in line with OHSAS 18001;
- compliance, as a minimum with all applicable local legislation;
- the setting and review of targets and objectives, at all levels within the company;
- ensuring the continual participation of employees and providing information instruction, training and supervision to enable safe working practices;
- to put in place procedures to deal with all identified hazards and potential emergency situations that may arise, in the course of our business undertakings;
- allocating adequate resources for the successful implementation of this policy and to ensure responsibilities are identified at all levels within the company.

The aim of the shareholding directors and the executive committee is to encourage best practice and promote a culture of active participation and cooperation.
